## Afraid of Ghosts

Many people are afraid of ghosts. Few people are afraid of germs. Yet the ghost is a funcy and the germ is a fact. If the germ could be magnified to a size equal to its terrors it would appear more terrible than any fire-breathing drugon. Germs can't be avoided. They are in the air we breathe,

the water we drink. The germ can only prosper when the condition of the system gives it free scope to establish it-self and develop. When there is a deficiency of vital force, languor, restlessness, a sallow cheek, a hollow eye, when the appetite is poor and the sleep is broken, it is time to guard against the germ. You can

fortify the body against all germs by the use of Dr. Pierce's Gold-en Medical Discovery. It increases the vital power, cleanses the system of clogging impurities, enriches the blood, puts the stomach and organs of digestion and nutrition in working condition, so that the germ finds no weak or tainted spot in which to breed. "Golden Médical Discovery" contains no alcohol, whisky or habit-forming drugs. All its ingredients printed on its outside wrapper. It is not a secret nostrum but a medicine of known COMPOSITION and with a record of 40 years of cures. Accept no substitute—there is nothing "just as good." Ask your neighbors.
